SUBJECT: **GROUP HOME PROGRAM MONITORING REPORT – FIVE ACRES,
MAIN SITE GROUP HOME, EAST MOUNTAIN GROUP HOME, SOLITA
GROUP HOME AND MONTE VISTA GROUP HOME**

We have completed a review of Main Site, East Mountain, Solita, and Monte Vista Group Homes (Group Home or Agency) operated by Five Acres. Each Group Home contracts with the Department of Children and Family Services (DCFS) and the Probation Department (Probation).

Main Site Group Home is an 80-bed facility, which provides care for children ages 2-11 years who exhibit behavioral, social, and emotional difficulties. At the time of the monitoring visit, Main Site Group Home was providing services for 73 Los Angeles County DCFS children, two Ventura County DCFS children and one San Bernardino County child.

East Mountain, Solita, and Monte Vista Group Homes are each six-bed facilities, which provide care for children ages 7-18 years who exhibit behavioral, social, and emotional difficulties. At the time of the monitoring visit, East Mountain and Solita Group Homes were each providing services for six Los Angeles County DCFS children; and Monte Vista group Home was providing services for five Los Angeles County DCFS children.

Five Acres Group Homes are located in the Fifth District.

"To Enrich Lives Through Effective and Caring Service"

Scope of Review

The purpose of the review is to determine whether the Agency is providing the services as outlined in their Program Statement. Additionally, the review covers basic child safety and licensing issues, and includes an evaluation of the Agency's Program Statement, internal policies and procedures, child case records, a facility inspection, and interviews with children placed in the Group Home at the time of the review. Interviews with children are designed to obtain their perspectives on the program services provided by the Agency, and to ensure adherence to the Foster Youth Bill of Rights.

Summary of Findings

Generally, the Agency is providing the services as outlined in their Program Statement. East Mountain and Monte Vista Group Homes need to include specific, attainable, and measurable long and short-term treatment goals in the Needs and Services plans.

Attached is a detailed report of the review.

Review of Report

We discussed our report with the Agency's management. In response to the recommendations made in the report, the Agency's management completed a corrective action plan (attached) which we approved. We thank the management and staff for their cooperation during our review.

If you have any questions, please contact me, or have your staff contact Mike Pirolo at (626) 293-1110.

I. Facility and Environment

Method of assessment – Observation

Comments:

Main Site Group Home is located in a residential community. The exterior of the Group Home is well maintained. The front and back yards are clean, and adequately landscaped.

The interior of the Group Home is well maintained. The common quarters are neat and clean. There is adequate furniture and lighting in the Group Home. The Group Home provides a home-like environment.

Children's bedrooms are well maintained. The rooms are clean and orderly, and have age-appropriate personalized decorations. There is adequate furniture, lighting, and storage space. Window coverings and window screens are in good repair. The mattresses are comfortable, and the beds all have a full complement of linens. Children's sleeping arrangements are appropriate.

The Group Home maintains age appropriate and accessible recreational equipment. There are also board games, a TV, and a DVD player. Books and resource materials, including a computer with a variety of programs, are also available.

The Group Home maintains a sufficient supply of perishable and non perishable foods.

Recommendations

There are no recommendations for this section.

II. Program Services

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Eight

Comments:

Children meet the Group Home's population criteria as outlined in their Program Statement. Children are assessed for needed services within thirty days of placement.

The treatment team develops and implements the Needs and Services Plans (NSPs) with input from the child. The NSPs are current, and comprehensive, and include long and short-term goals.

Case files reflect adequate documentation to show that children are receiving treatment services.

Recommendations

There are no recommendations for this section.

III. Educational and Emancipation Services

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Eight

Comments:

Children are attending school. Children are provided with educational support and resources to meet their educational needs, and are progressing satisfactorily in school. The Group Home's program includes the development of children's daily living, self-help, and survival skills.

Children are provided with opportunities to participate in emancipation and vocational programs as appropriate.

Recommendations

There are no recommendations for this section.

IV. Recreation and Activities

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Eight

Comments:

The Group Home provides children with sufficient recreational activities, and leisure time. Children are given opportunities to participate in planning activities.

Children are allowed to participate in extra-curricular, enrichment, and social activities in which they have an interest.

The Group Home provides transportation to and from the activities.

Recommendations

There are no recommendations for this section.

V. Psychotropic Medication

Method of assessment – Review of relevant documents

Comments:

Children have current court authorizations for psychotropic medication. Documentation confirms that children are routinely seen by the prescribing psychiatrist.

Children are informed about their psychotropic medication, and are aware of their right to refuse medication.

Medication distribution logs are properly maintained.

Recommendations

There are no recommendations for this section.

VI. Personal Rights

Method of assessment –Interviews with children

Sample size for interviews: Eight

Comments:

Children are informed about the Group Home's policies and procedures. Children report that they feel safe in the Group Home, and are provided with appropriate staff supervision. Children express satisfaction with the quality of their interactions with staff, and report that staff treats them with respect and dignity.

Children report that they are assigned chores that are reasonable and not too demanding. Children are allowed to have private visitors, to make and receive personal telephone calls, and to send and receive unopened correspondence and mail. Children are able to attend religious services of their choice.

Children report that the discipline policies are consistently enforced and that there are fair and appropriate consequences for inappropriate behavior.

Children report satisfaction with meals and snacks.

Children receive voluntary medical, dental, and psychiatric care.

Recommendations

There are no recommendations for this section.

VII. Clothing and Allowance

Method of assessment – Review of relevant documents and interviews

Sample size for interviews: Eight

Comments:

The Group Home provides appropriate clothing, items of necessity, and the required \$50 monthly clothing allowance to children. Children are given opportunities to select their own clothes. Clothing provided to children is of good quality and of sufficient quantity.

The Group Home provides children with the required minimum base allowance. Children are permitted to spend their allowances as they choose.

The Group Home provides children with adequate personal care items.

Children are encouraged and assisted in creating and maintaining photo albums/life books.

Client Treatment Goals on the Treatment Plans Reports/Needs & Services Plan --

Current status of the recommendation:

As of September 8, 2005, the current word template used to write the Treatment Plan Reports have re-incorporated the Treatment Goals Section (see attached). In addition, it is planned that the Group Home Program will upgrade their report writing system by converting to the TIER Version of the Treatment Plan Report by January of 2006, as this will improve the level of consistency and overall report structure for our client treatment plan reports.

Person and title responsible for implementing and monitoring the corrective action:
Chanel Boutakidis, Director of the Group Home Program.
